Extra Credit #3

Read the 2 articles (Littlefield, Rockoff) on the Wizard of Oz as an allegory for monetary debates in the 19th Century. Write me a 2 page paper (roughly) summarizing and responding to these arguments.

Due Friday (11/20) or Monday (11/23) if necessary.

*If you have never seen the movie, here’s your chance to get a real American education! You can find it at the UMM library, on the internet, at the public library in Morris, etc. Have fun!*
